Roblox Coders and Entrepreneurs!

Learn programming tools so powerful they seem like magic! Start off by learning an array of core programming concepts with JavaScript by experimenting in a series of digital challenges. Start with programming your first animated memes, then tackle more advanced skills such as interactive 3D experiences and game creation. Projects will be available on a password protected Black Rocket website to share with friends.

JULY 17-20 • Ages 8 & up • 9AM-12PM • \$110

CEU 5007.401, MTWR, Goodman, 4 Sessions, VER-430

Minecraft Modders

Customize your own Minecraft world and mod the classic game in this one of a kind class. Learn scripting and logic statements as you create your first mods. Students will create a wide variety of new elements, gameplay mechanics, and world generating mods to change the way you play Minecraft. Projects will be available on a password protected Black Rocket website to share with friends and family. Students must have the Java version of Minecraft to take this class. Tablet, phone, and game console versions of Minecraft are not compatible. Returning students can create more advanced projects that build on previous years.

JULY 17-20 • Ages 8 & up • 1PM-4PM • \$110

CEU 5003.401, MTWR, Goodman, 4 Sessions, VER-430

Register early to reserve your seat!
