4/19/14	8AM- 5PM	TBA	Habitat for Humanity Contact Jeff Feix for details.	2	Community Involvement	Social Responsibility/Personal Responsibility/Teamwork	Support for Learners

**Note: No Registration is required for the In House PD Activities unless stated – Just show up.**

### Descriptions:

**Remind 101** – A safe, free way for instructors and staff to text message students. Send a text via the computer and/or an Android or iPhone App.

**ADA** (Deana Lehman) - TBA

**Collaborate – Polling in Face to Face and Online Courses** – The polling feature allows you to poll your participants at any time using one of four different polls: Yes/No, Multiple Choice (A-C; A-D; A-E).

**Appy Hour - Reflector/iPad: Teaching Strategies** – The reflector app allows an individual to mirror (or project) their iPad to the projector/screen or TV monitor in a classroom or meeting room. The app has been piloted by several instructors during the Fall 2013 semester. This session will be a demonstration of the various “real world” teaching methods used by each instructor.

**Publisher/Word Creating Flyers, Signs and Graphics** – Bring your creativeness and join us for this session on how to insert graphics and text using Microsoft Publisher and Word to add pizzazz to your sign or flyer.

**Video Series: Appy Hour – iMovie** – Explore the iMovie app on the iPad and how it can help you create & edit your educational video tutorials. We will also demonstrate how to post the video online or in Blackboard.

Donnie Kirk – [dkirk@vernoncollege.edu](mailto:dkirk@vernoncollege.edu)

## Vernon College **MARCH/APRIL 2014** Professional Development Schedule

**Video Series: Videos Online (PPT/Bb Collaborate)** – This is a 2 part session: First will be a look at the best methods to embed videos in PowerPoint (YouTube or other) and Second will be how to best present videos in Blackboard Collaborate.

**Video Series: Camtasia** – This session will demonstrate the capabilities of Camtasia video software (available on laptops for checkout through the QERI) and best practices on how this technology tool can be used to present content whether in the classroom, a meeting, or presentations to students (orientations, Q&A's, instructions).

**Blackboard New Features** – This segment will focus on the latest features of SP 13, which will include Calendar Roll Back and Extended Testing Time features.

**Copyright Laws in Higher Education** – This session will focus on the copyright challenges facing higher education and will explore the proposed highlights of “the next great copyright act”.
