

Attention Deficit /Attention Deficit Hyperactivity Disorder

The ADD/ADHD diagnosis should be made by a licensed psychologist or other mental health professional qualified by academic course work, supervised training, and experience. An acceptable ADD/ADHD report should have the following elements:

- 1. The report should be current—within the last three years.**
- 2. The report should be typed on letterhead, dated and signed by the professional making the diagnosis, and otherwise legible.**
- 3. The evaluation must include a specific diagnosis.**
- 4. The evaluation should be comprehensive and contain the following:**
 - Evidence of current impairment.*
 - Alternative diagnoses or explanations have been ruled out.*
