**Dates of meetings:** Fall meeting was held on November 12<sup>th</sup>, no spring meeting, letter sent out instead.

**Accomplishments:** Will have 5 certificate graduates this spring that are taking spring classes, 1 AAS graduate in spring classes, and 1 AAS graduate from the fall semester. Giving the Esco "HEAT" entry level exam and their "Heat" core competency exam. Will study the results and decide if these are proper exams for the HVAC students or if another should be looked for. Gave EPA certification exam for mid-terms and result were disappointing. Giving retests and will study the results for best approach. Recruitment at the GenTex fair went well. Had several high school student express keen interest in the program.

**Recommendations:** Have not received any feedback from advisory members concerning spring update letter, so assume no news is good news.

**Membership suggestions:** Keep having the students work on the basics.
