

Vernon College
Student Success by the Numbers
Phase 2 Team

Members:	Michelle Alexander	Jeanne Ballard
	Jim Binion	Sarah Davenport
	Marian Grona	Linda Haney
	Mark Holcomb	Bettye Hutchins
	Joe Johnston	Criquett Lehman
	Deana Lehman	Michael Ruhl
	JoAnn Sharp	Michelle Wood
	Betsy Harkey, SSBTN Liaison, Chair	

Purposes:

The Phase 2 Team has the primary responsibility of requesting, examining and interpreting data regarding student progress, engagement and success. The Team presents the data and recommended strategies for improvement to the President, Administrative Team, and at times all College employees for further discussion and analysis.

The Team provides oversight for the Student Success by the Numbers project goals:

- To build the capacity of VC staff and faculty to understand and communicate about data depicting student progress, engagement and success
- To identify improvements in data targeting and monitoring enhancements at Vernon College in regard to post-secondary preparation, access, persistence and completion
- To build increasingly powerful culture of evidence to support and promote an effective student success agenda at Vernon College

Specific Charge:

- Develop list of resource/training needs for VC faculty and staff
- Create list of data information necessary to track the student success measures of preparation, persistence and completion
- Map current KPIAs to identify alignment with student success measures
- Unpack/drill down KPIAs in order to identify available data and define additional data necessary to track student success measures
- From list of additional data needed to track student success, prioritize data and assign responsibilities for ensuring the data is collected, input and available
- Participate in collection of resources and training schedule for faculty, staff and team.
