Institutional Advancement

Objective #1: Respond to College funding needs through various fundraising methods.

Responsibility: Director of Institutional Advancement/Executive Director, Vernon College Foundation; Coordinator of Marketing and Alumni Relations; Advancement Services Specialist; Advancement Services Specialist for Marketing and Scholarship Support

Statement of Need: Philanthropic support provides increased funding for the “tools” that support student learning, retention, and certificate/degree completion or transfer by students. The Vernon College Foundation is the repository of philanthropic

funds that will support College needs. These needs have been identified in the areas of endowed and non-endowed scholarship support; endowed positions, and program and general fund support. New individual donors, both alumni and non-alumni, must be identified and cultivated, as well as current donors retained, and lapsed donors encouraged to renew their support. Donors and prospects respond to different methods of fundraising depending upon their social, cultural, and economic circumstances. Additionally, strong donor stewardship/donor relations program using donor recognition societies, both annual and aggregate, provide a visible means of recognizing and encouraging prospects to become donors. Grant opportunities, from both private and public funding agencies, can be pursued to support specific needs of the College such as faculty/staff professional development, program/department support, or equipment. These activities require travel to support off-site working.

Actions:

1. Enhance existing philanthropy efforts and, utilizing the Raiser's Edge (RE) software, design and implement various segmented philanthropy programs such as annual giving, major and leadership gift programs, a planned giving program, and grant program.
2. Research federal and state grant programs to determine viability for Vernon College support. Send the information to the Dean of Instructional Services for dissemination to the faculty that may be interested in pursuing a grant and contact support service components of the College about potential grant opportunities.
3. Work with faculty and staff to assist in the preparation and the electronic submission of proposals through grants.gov, Fastlane, etc.

6. Once all old giving records are in RE, review, revise, and relaunch the annual giving clubs and aggregate giving societies including a Heritage Club to recognize those who have included the College and/or the Foundation in their estate plans.
7. Using RE, identify donors by lifetime giving and launch a new presidential-level annual event to recognize lifetime giving and planned gift donors. This event will excite the donors who will be honored as well as serve as a cultivation event to encourage current aggregate donors to "move up" to the next society as well as encourage other donors and prospects to increase their giving so that they can be "inducted" into a lifetime giving society.

8. Develop new scholarship opportunities, both endowed and non-endowed, and continue to work with the donors of the “building” endowed scholarships (those under the \$10,000 minimum threshold) to bring the funds either to the minimum award level or incorporate those funds into another fund so that awards can be made.
9. Continue to build support for the Vernon College Foundation Annual Auction.
10. Continue to participate in the Council for Resource Development Federal Funding Task Force and the Annual Conference to develop relationships with Federal agencies on behalf of the Vernon College, to gather the most up-to-date information about grant opportunities, and to build a network of colleagues that may facilitate grant collaboration.
