September 2015	<p>Vernon College received notification of award for one of the United States Department of Education Title III Grants, Strengthening Institution Program. The grant is for \$2.2 million over the next five years. Of approximately 300 applications this cycle, 40 were funded. It will have a tremendous and positive impact on Vernon College, the service area, and all of our constituents. The two strategies chosen for the grant to enable us to more thoroughly continue with and extend our Student Success Agenda are:</p> <ol style="list-style-type: none"> 1. Provide students, faculty, staff and administration with the information they need to make data informed decisions. This strategy primarily includes replacement of our legacy student information system with a new Enterprise Resource Planning (ERP) Student Information System along with oversight, support and training. 2. Increase academic support through proactive and intrusive advising. This strategy primarily includes structuring policies, practices and programs intentionally designed to maximize students' progress: identifying and providing intensive guidance to at-risk students, faculty and staff training, improved orientation programs, maximum utilization of an Early Alert System, developing a Student Peer Mentor Program, and increasing the number of student success specialists.
