

- Website Support (Tanner Clark)
 - RUNsync – 1636 Subscribers
 - ONGOING PROJECT: Add some intelligence to the message so it will know whether or not to use a link in the text message. Expand character limit from 130 to 139.
 - ONGOING PROJECT: We are giving the different RUNsync portals a much needed facelift. Our goal is make the portals more user friendly and give each portal its own look and feel. For example, the subscriber portal will have different branding and styles than the admin portal.
 - ONGOING PROJECT: Weekly automated test. This will email a report to RUNsync admins detailing the results of the test. This test will be not be notifying subscribers.
 - Send test push to Apple for confirmation and validate connection – We are doing this monthly but it is not automated.
 - Send test push to Droid for confirmation and validate connection – We are doing this monthly but it is not automated.
 - Test a Voice call – We are doing this monthly but it is not automated.
 - We are still in the process of making these test automated and the results to be email to RUNsync Admins.
 - Schedule live test. This will send a test message to all subscribers. We will analyze the results of these test and act accordingly. We could schedule the 1st Friday in October, February, and June.
 - RunIT CMS - ONGOING PROJECTS
 - ONGOING PROJECT: Sports Package: Add sorting and column hiding to the rosters.
 - ONGOING PROJECT: New version of library tool coming soon
 - ONGOING PROJECT: Moving menus to site layouts
