ONGOING PROJECTS:

- Continue overseeing technical issues of Skype/Pexip Room Project.
Past Issues:
 - Bandwidth issue was referred to RunBiz – Appears to have been resolved.
 - Loud audio noise in background during skype class was referred to RunBiz – Appears to have been resolved.
 - Internal computer mixer, record input settings changed to 0. Readjusted setting and system appears to be operating normally. Due to multiple users this issue will always be an issue.

REGION 9 – REMOTE SITE ISSUES:

- Region 9 – Archer City: Archer City original equipment having issues of Vernon seeing and hearing them but Archer City could see and hear Vernon normally. Region 9 has installed different system (Temporary) so Vernon can see and hear Archer City normally. **(RESOLVED)**
- Region 9 – Electra: Electra having camera issues, can see and hear Vernon normally. Vernon can only hear Electra at this time. **(RESOLVED)**
