Some Comments:

1. Thank you so much for helping with the opportunity to come back to school and better myself. Without ya'll this wouldn't be possible for me and my family.

2. W'o this program I would have not been able to afford the classes. I really appreciate the help!

3. It would be convenient if we could pick up and drop off books at the CCC campus.

Use of data: *The CCC bookstore does not sell the RN textbooks, so all RN students must drive to Vernon to pick up and return their textbooks every semester. Maybe it would be possible for CCC to sell the RN textbooks at that location? Brainstorm new ways to convince students to complete and submit New Beginnings Satisfaction Evaluations.*

How associated to Student Success? *Helps students succeed by relieving or completely eliminating barriers such as child care, textbook expense, tutoring, and transportation problems.*
