

Vernon College
Assessment Activity/Report Communication Form
2015-2016

Title: Higher Education Regional Council

Date of completion: 7-12-16

Please circle or highlight: Assessment Activity

Report

Both

Highlights of data: Public community colleges shall submit all off-campus lower-division courses proposed for delivery to sites outside their service areas for review per THECB. Each Higher Education Regional Council (HERC) shall make recommendations to the Commissioner regarding off-campus courses and programs proposed for delivery in accordance with the consensus views of Council members. For the 16-17 year, VC expects to offer courses only within the service area except for out-of-state clinicals for Nursing, and out of service area clinicals for Health Information Management, Nursing, and Pharmacy Technician. This report was approved at the Region 2 HERC meeting on April 15, 2016.

For 15-16, dual credit courses were made available at 21 high schools with 2 additional high schools participating in CE programs (if the high school participated in both dual credit and CE, it was only counted once in the dual credit count).

Use of data: The report is submitted electronically for the HERC members in VC's region to review and discuss. VC is then able to see if another community college is offering courses in VC's service area.

How associated to Student Success? VC wants to make sure that students in our service area are provided, when available, the courses they desire to take.

Where the report can be found: Associate Dean of Instructional Services
