Highlights of data:

The Vernon College Health Clinic reported a yearly total of 198 visits for the 2014-2015 academic year. The busiest months were October, February, March, and April.

Use of data:

Continued tracking of health clinic visits helps justify the health clinic and continue future funding.

How associated to Student Success?

Students and staff can both function better when they are well. An onsite health clinic helps reduce absenteeism thus helping students stay in class.
