Report

Both

Highlights of data: Housing Staff conducted the spring 2016 severe weather drill on March 29, 2016. It took 3 minutes and 35 seconds to evacuate everyone from the dorms to the basement. Housing Staff who participated in the drill were Matt Liberty, Chauncey Garramone, and Kelly Eason. All sports were represented with students as well as other traditional dorm students. Vernon College Chief of Police Chris Bell spoke to all the students about weather awareness while they were gathered in the basement. He also answered any student questions about weather preparedness in North Texas.

Use of data: Severe Weather Drills will continue to be held each spring semester for the Vernon College dorms. All housing facilities should be able to be evacuated to the basement in under 5 minutes.

How associated to Student Success? Student safety is important to student success. It is also important that students be fully aware of what to do in an emergency situation so that they can make safe choices without lengthy consideration.
