

Vernon College
Assessment Activity/Report Communication Form
2016-2017

Texas Commission on Fire Protection

Title: Regulations

Date of completion: 9/12/2017

Highlights of data:

For 2016-2017, there were 8 students who completed the Vernon College Fire Academy in September of 2016. These students all tested and passed the Texas Commission on Fire Protection state certification test for 100% pass rate.

Use of data:

Licensure rates are provided for Vernon College to report annually to maintain accreditation. Directors and Coordinators utilize completion rates and certification rates to evaluate the program in order to determine if any changes need to be implemented for the program. This data is presented to the Board of Trustees in September.

How associated to Student Success?

This program allows students to be certified in the area of their study to perform skills that will enable them to enter directly into the workforce as a firefighter. Due to the success rate of testing, many students have quality jobs available to them upon completion.
