

Vernon College
Assessment Activity/Report Communication Form
2016-2017

Title: Independent Audit Department of Ed

Date of completion: December 14, 2016

Highlights of data: We received an unqualified audit. No material weaknesses or significant deficiencies in internal control were identified. In addition, there were no findings of noncompliance.

Use of data: A school that participates in any federal student aid (FSA) program must have an independent auditor conduct an annual audit of the school's compliance with the laws and regulations that are applicable to the FSA programs in which the school participates and an audit of the school's financial statements. Audits are conducted to identify compliance problems at the school and identify corrective actions. If a school is cited in an audit for improperly disbursing FSA program funds, the school must restore those funds as appropriate. If a school is cited in an audit for other serious program violations, the school may be subject to corrective action and sanctions, such as fines, emergency action, or limitation, suspension, or termination from the FSA programs.

How associated to Student Success? The audit ensures our compliance with federal regulations. Compliance enables Vernon College to maintain our eligible institution status; therefore, allows our students to receive financial aid.
