Both

### Highlights of data:

79 students in 4 different sports received athletic scholarships for board, books, dorms, as well as tuition and fees. Of the \$473,369.98, the total for tuition and fees was \$293,411.75 and the total for books was \$89,395.48. This shows that just almost 81 % of all the athletic scholarship funds are used on education and academics. This report will be presented to the Vernon College Board of Trustees at their June meeting.

### Use of data:

The Dean of Student Services/Athletic Director, the Assistant Athletic Director, as well as Vernon College coaching staff review this data each semester to make sure there is a fair and equitable distribution of funds and that the funds are being used to most benefit the college as well as the student athletes.

### How associated to Student Success?

These scholarships fund Vernon College Athletics which helps promote a competitive athletic program. The Vernon Campus athletics help to create the college community and facilitate student engagement on the Vernon Campus.
