Both

**Highlights of data:** Total collections for 10/11 academic year were \$68,426.00. Vernon Testing collections was almost the exact same as the year before and Wichita Falls Testing Collections were up over \$4000. The most dramatic increase was in instructional testing which had a 64% increase from 1178 tests given in 09/10 to 1856 tests given in 10/11.

**Use of data:** The data clearly indicates that Century City is by far our busiest location. We gave 4836 placement tests last year and over 4000 were given at Century City. This helps justify the resources (time, proctoring, computers, scheduling, construction etc...) that are funneled to the Wichita Falls location.

**How associated to Student Success?** On site testing for Vernon College students (placement testing, entrance testing, exit testing, licensure testing, instructional testing) helps keep students on campus and show our commitment to students through the entire educational process.
