

Vernon College

Assessment Activity/Report Communication Form 2012-2013

Title: Health Clinic Annual Report **Date of completion: September 6, 2012**

Please circle:

Assessment Activity

Report

Both

Highlights of data:

The Vernon College Health Clinic recorded 281 total visits for the 2011-2012 school year.

Use of data:

Vernon College uses this data as evidence of the need and usage of the Health Clinic. It provides a quick and convenient method for students and staff to obtain health services and hopefully prevents extended time away from work and school because of health related issues.

How associated to Student Success?

All students and employees will get sick at some time. Providing quick and free health services encourages everyone to seek treatment quickly and hopefully avoid prolonged absences or spreading of illness.

Where the report can be found: Office of the Dean of Student Services

Submitted by: Sue Wallace, Vernon College Nurse
(responsible party)

Date: October 23, 2012

Received by Office of Institutional Effectiveness: October 24, 2012
