## Assessment Activity/Report Communication Form 2011-2012

Title: Housing and Food Service Survey Date of completion: 12/12/11

Please circle:

**Assessment Activity**

**Report**

**Both**

### Highlights of data:

127 students were surveyed the week of November 14. Overall the students rated Great Western Dining as usually acceptable to very acceptable. The students did mention that the meals and service have improved from the previous year. A few healthier options have been requested such as less fried food and more baked items. The students would also like to see more options at dinner so that it is more comparable to the lunch menus.

### Use of data:

This information helps Vernon College administration communicate student desires to contractor Great Western Dining. It also helps us to track trends in the student requests.

### How associated to Student Success?

Providing good food service as part of on campus living helps retain students in on campus housing. On campus living arrangements help students to stay engaged in the college community and encourage them to complete their education.

Where the report can be found: Director of Housing Office
