

Vernon College

Assessment Activity/Report Communication Form

2010-2011

Title: VN-Nursing Educational Program Informational Survey

Date of completion: Oct. 13, 2010

Please circle: **Assessment Activity** **Report** **Both**

Highlights of data:

NEPIS seeks information regarding annual demographic data of faculty, student admissions, enrollments, and graduations.

Faculty FT & PT vacancies: out of 6 PT 1 vacancy was unfilled and out of 11 FT 0 went unfilled. It ranges from 4 to 16 weeks to replace faculty.

Student admissions 92% of those who were offered admission enrolled.

Enrollments: 221 students were in attendance over the 12 month period.

Graduation: There were 96 graduates in the 12 month period.

Use of data:

Data is used in collaboration with the Texas Center for Nursing Workforce studies which advances their mission of providing projections regarding nursing employment as mandated by the Texas State Legislature. The data is also used by the THECB and the BON for projecting future workforce needs.

Where the report can be found: A printed summary can be obtained from the VN program office at CCC.
