**NISOD 2011**

The Village Mentoring Program presented by Tarrant County College-South (TX)

- This was a diversity development session on mentoring underrepresented groups in the community college arena. My take away from this session was exploring possible ways to foster a connection via a mentoring program with low income, first generation students as well as underrepresented groups.

B.U.I.L.D; Five Simple ways to Foster Strong Connections With Online Students presented by Georgia Perimeter College

- Geared towards Student Success this session offered ways to help online students connect with the institution and positively impact their perceptions about college. My take away from this session was possibly expanding the existing online tutoring via WIMBA to include a series of webinars to enhance student success.
