Please circle or highlight: Assessment Activity **Report** Both

Highlights of data: The Summer II reporting period includes Summer 11 Week and Summer II. There were 966 students reported for 2014. In 2013 there were 1,126 students reported.
Academic Contact Hours = 40,992
Technical Contact Hours = 114,048
Semester Credit Hours = 5,031

Use of data:

The CBM0E1 reflects students enrolled as of the final day of each semester. If a student withdraws from a class on or before the census date, the semester credit hours from that class will not be included in this report (no record for the student is submitted if the student withdraws on or before the census date). If a student withdraws from a class after the census date, that class enrollment will be reported so that the CBM0E1 record matches the individual course records on the CBM00S. Students in flex courses will be reported on the CBM0E1 in the semester they are reported on the CBM00S, even if they are not enrolled on the final day of the semester. Courses marked as flex are in the following term codes: Fall II, Spring II, Summer 11 Week, May, and December mini-terms.

How associated to Student Success? Can be used to determine punitive grades for students by semester.
