**Highlights of data:** A biannual report was filed with THECB on March 30, 2016 for the period ending Feb. 28, 2016. Most CTE programs have ordered and received their equipment/curriculum upgrade eligible through Perkins funding. Additional equipment and software are in the process of being ordered. Many conferences/professional development opportunities have been attended by CTE faculty with just a few to finish up this spring and summer. Quarter 1 and 2 expenditure reports have also been filed and approved by THECB.

**Use of data:** CTE program data is used for reviewing the programs to determine the most effective use of funds for improvement in student learning. Detailed records on expenditures are necessary for reporting and accountability for use of federal funds.

**How associated to Student Success?** The purpose of the Perkins funds is to provide relevant occupational skills training for students to be successfully employed in their career fields.
