**Use of data:**

Vernon College continues to adapt our Student Activities programming to meet our student's needs and requests. Current students qualitatively express they are more interested in one night events rather than semester long tournaments or programming. Also, students who participate in Student Activities are primarily living on the Vernon Campus. This year Vernon College is piloting a program to run Student Activities from the Housing Office in with the possibility of creating a "campus life" program that will encompass housing and student activities.

**How associated to Student Success?**

Student activities help students become engaged outside the classroom or athletic team setting. By encouraging student activities we help to diversify student engagement from their normal cliques to a wider variety of students. It is a safe way for students and staff to meet outside the classroom for fellowship and fun.
