**Use of data:** The Housing Survey will be used to continue to explore better wifi access in the dorms – specifically the ability of housing residents to stream entertainment services such as Netflix and hulu. Vernon College has replaced wifi hardware and wiring in the 16/17 school year in an attempt to provide better services to residents. The Food Services Survey will be provided to Great Western Dining (the Vernon College food services contractor) and Garry David, Dean of Administrative Services who is responsible for the Great Western Dining contract.

**How associated to Student Success?** Vernon College hopes to provide a safe and appealing on campus living environment to students. Only by monitoring student attitudes toward these facilities and services can we judge the value of these services to students.

**Where the report can be found:** Director of Housing Office
