Spring 2026 Continuing Education

Vernon Schedule – Vernon Campus

Personal Enrichment Classes

Discover Digital Photography

Discover Digital Photography is designed for the novice photographer with no previous experience with digital cameras.

This online course will teach you all about digital cameras, from DSLRs to smart phone cameras and what different equipment is used for. You will learn about different display methods for your camera, including sizing, print options, online storage, and how social media factors into digital photography. If you have old slides, negatives, or prints, this course will also teach you how to scan those "old school" photo assets.

After completing the course, you will understand how the process of composing photos has changed with the evolving capabilities of digital photography.

1/14 ONLINE \$130

Drawing for the Absolute Beginner

If you've always been interested in drawing but don't really know how to get started, then this is the course for you.

Gain a solid foundation and understanding of the basics of drawing and become the artist you've always dreamed you could be!

You'll become intimately familiar with paper types, drawing styles, rendering techniques, and the basic principles of perspective, layout, design, lighting, volume, and space. If you have an interest in learning what it's like to draw or would love to increase your current knowledge in the field of art and illustrating, then this course aims to fulfill all of your needs.

Bake Shop

In this class, you will learn the basics of cake decorating from a very talented instructor. These basic instructions include icing techniques, borders, start tip techniques, shells, zig zags, writing and figure piping. You will also learn icing flowers, including the rose, utilizing various pastry tips.

1/27-3/3 7:00 PM-8:30 PM T \$55
PERS.0269.CE51 Classes held in Chaparral Room

Pickleball for Beginners

Pickleball for beginners is a fun class that covers the basics of how to play, score, and serve in pickleball, a sport where two or four players use paddles to hit a ball back and forth. Pickleball is a relatively easy game to learn, but beginners may benefit from some tips and tricks, such as perfecting the dink shot, a shot that only reaches the kitchen area of the opponent's half of the ground. There are also some rules and equipment that beginners need to know, such as the underhand motion, the paddle size and weight, and the ridges or raised areas on the paddle surface. Bring your friends and come learn a fun new hobby.

4/9-4/16 7:30 PM-9:00 PM Th \$30
PERS.0339.CE51 VER-Courts

Mindfulness Meditation

Widely accepted, used, and studied within mainstream medicine, mindfulness meditation involves paying attention on purpose, in the present moment, and without judgment. The health benefits of mindfulness meditation include improvements in dealing with stress, pain, and illness. Anyone can engage in this form of meditation, which places no emphasis on religious or faith practices. The outcome of this course is for the learner to describe mindfulness meditation, including the health benefits of mindfulness meditation, mindfulness-based stress reduction (MBSR), and the techniques and practices for mindfulness meditation.

Online Self-guided course 2 hour course \$49
3 month access
