## Personal Enrichment

### Discover Digital Photography

Discover Digital Photography is designed for the novice photographer with no previous experience with digital cameras.

This online course will teach you all about digital cameras, from DSLRs to smart phone cameras and what different equipment is used for. You will learn about different display methods for your camera, including sizing, print options, online storage, and how social media factors into digital photography. If you have old slides, negatives, or prints, this course will also teach you how to scan those "old school" photo assets.

After completing the course, you will understand how the process of composing photos has changed with the evolving capabilities of digital photography.

### Pickleball for Beginners

Pickleball for beginners is a fun class that covers the basics of how to play, score, and serve in pickleball, a sport where two or four players use paddles to hit a ball back and forth. Pickleball is a relatively easy game to learn, but beginners may benefit from some tips and tricks, such as perfecting the dink shot, a shot that only reaches the kitchen area of the opponent's half of the ground. There are also some rules and equipment that beginners need to know, such as the underhand motion, the paddle size and weight, and the ridges or raised areas on the paddle surface. Bring your friends and come learn a fun new hobby.
