146	Source	THECB Licensure Report* and as reported by individual programs.												
147	Definition	Tested and Passed during academic year. CB Licensure Report collects information regarding the number of students tested and the number of licensure and certification examinations passed (i.e. September 2007 to August 2008). The THECB does not provide a list of students for each major. The institutions enter every self-reported student or student reported by an agency. *Programs on THECB Licensure Report
