Accomplishments: The Cosmetology Program has changed from a clock hour program to a credit hour program. This will assist students with financial aid. The Accuplacer test was enacted in the fall of 2012. Students with top score are considered for the program. Scores are set similar to the other technical programs at Vernon College. A new Super Salon Computer Program is in use for student training.

Recommendations: The members recommended to continue a certain amount of practical applications for students. The practical applications for each service is no longer required by TDLR. Vernon College maintained the same amount of services for each category.

Membership suggestions: Jay Don Wells suggested that the service area would benefit from Vernon College offering a Barber Program, in addition to the Cosmetology Program.
