Assessment Activity/Report Communication Form

2010-2011

Title: Program/Discipline Evaluation Date of completion: May 2011

Please circle: **Assessment Activity** **Report** **Both**

Highlights of data:

The attached summary provides names of the programs/disciplines that were evaluated for 10-11 and the outcome of each as determined by the committee. This is then forwarded to Academic Council for approval. Each program/discipline that is placed on probation has one year to correct any deficiencies and then the program/discipline fills out a full evaluation the following year.

Use of data:

Programs and Disciplines are evaluated internally on a 5 year rotation to determine the viability of the program/discipline, whether it is cost effective for VC to continue to offer, and to determine if the program/discipline is meeting the standards set forth by VC and THECB.
