Please circle:            Assessment Activity            Report            **Both**

**Highlights of data:** The FADB provides information on all merit, need based and non-need based financial aid recipients for the 2009-10 year. The data includes cost of attendance and the resources used by students to cover that cost, and includes the amounts and types of financial aid received by students. The report must be submitted and error free by December 13. Our report was submitted and certified December 7. Our 2009-10 FADB reported information on 2,896 credit students. Those 2,896 students received \$5,645,230 in grants (up \$2.2 million), \$4,584,980 in loans (up \$1.2 million) and \$105,110 (up \$13,000) in work-study for a total of \$10,335,320 (this does not include scholarships, tuition waivers or third party awards). The total financial aid awarded to all students in 2009-10 was \$13,105,937 to 3,244 students.

**Use of data:** The current Appropriations Act directs the Coordinating Board to present an annual audit to the Legislative Budget Board each calendar year concerning student financial aid at Texas public and independent institutions of higher education. The FADB provides the state a means of accurately measuring the financial aid resources available to Texas students and is used as a basis for equitably distributing state aid among institutions.
