I. VERNON COLLEGE GENERAL EDUCATION PHILOSOPHY STATEMENT

General education at Vernon College reflects the institution's deep conviction that successful, satisfying lives require a wide range of skills and knowledge. We are dedicated to providing educational opportunities that develop the academic, career, and personal capabilities of individuals so they may achieve self-fulfillment and participate fully and positively in a democratic society. Vernon College has identified the following college-level competencies generated from the general education core:

GENERAL EDUCATION CORE COMPETENCIES:

- A. Critical Thinking: Students will evaluate the validity of their own and others' ideas through questioning, analyzing, synthesizing, and evaluating results into the creative process.
- B. Communication/Interpersonal: Students will develop effective reading, writing, speaking, and listening skills to communicate verbally and nonverbally.
- C. Scientific and Mathematical Literacy: Students will apply an understanding of mathematical, natural, and behavioral scientific principles and methods to solve abstract and practical problems.
- D. Information Literacy: Students will develop the information literacy skills to confidently and competently locate, use, and evaluate information.
- E. Cultural Literacy: Students will develop an appreciation of human culture and its diversity and the role of the creative arts in society.
